Connections

Whether you're a CEO, Marketing Director, Sales Manager or anywhere in between, your always making connections. Wouldn't it be great if all your agents/brokers, sales assistants, marketing, and customer service teams had the ability to access your assets in real time? At Your Real Estate Solution all of your connections are connected in one seamless solution. We connect MLS, Matterport, Images (High Res), List Pull Services, Brokers, Head Shots, Budgets, Artwork, Templates, Email & Social Media. Our connectivity takes the complexity out of linking all these data sources, allowing your team to focus on growing & closing business.

Matterport/Image Integrations

Designed as a powerful tool that is unbelievably easy to use, the Matterport Pro 3D Camera collects accurate visual and spatial data to map entire areas in minutes. We've focused on automation and ease of use to produce reliable results with little specialized training. All the Matterport Spaces you capture are processed, organized, and hosted in Matterport Cloud for easy access wherever you are. Our tools are built to work with you. Matterport Spaces take you to the real world and beyond. Our immersive web player — 3D Showcase — is easy for anyone to use. Advanced users can export the 3D data to other applications for even more possibilities.

Layout Generation

Our online solution allows agents, brokers and marketers to create professional communications with ease. We have taken a complex process and simplified it. within minutes and a minimal amount of clicks, beautiful materials such as postcards, show sheets and brochures can be created for print, mail and email. our portal connects to your agents and listings data, along with all your photography automatically, all ready when you login. Your image library is a repository for photography, headshots, floorplans and mailing lists, allowing you to easily manage content all with *your* corporate identity and branded templates.

Users can easily edit their mailing list or create new lists
